

TESTIMONIALS

"Emily, I want to thank you and your staff for the vision, creative talent and logistical know-how to produce this amazing "Party of the Century" event. When we first met you told me your job was to "make me look good". Judging by all the accolades and responses from the guests, you exceeded this. You listened to our needs and chose the perfect direction to create this Buddha Bar / Moulin Rouge exclusive lounge event. Guests were in complete awe and amazed. Nothing can top this one!"

Mr. Michael Wekerly, GMP Securities

"Destination Planners/ Ovation Canada is the very best I have ever worked with. Yours will be the standard that I measure all the rest by."

Diane Anello, Conference Director, The Aspen Institute

"From my first call to the conclusion of the program I couldn't have been more pleased with your services. As I mentioned I just took the list of DMC's recommended by the hotel and the first 2 I contacted did not make a good impression. Then I called DPI /Ovation and had a good feeling immediately! I so appreciate your dedication before and during our meeting"

Toni Eagleton, Alcon Labs

"This was definitely one of the very best; if not THE best conference we have had in the 22 years I have been planning the conferences for MTL Insurance Company."

Rosemary Bakken, Conference Coordinator, MTL Insurance Company

"I have already recommended DPI/Ovation to two other group planners and will continue to do so for anyone considering Vancouver as a potential meeting site."

Susan M. Yaeger, Technical Writer, Iams Company

"I wanted to thank you and your team for the great job they did on our recent "Vision 2010" event in Vancouver. The teamwork was exceptional. Our post-Olympic meeting dates presented many logistical challenges but with your creativity and a lot of thinking outside the box your team came up with amazing ideas. Your staff always went the extra mile when needed to ensure the uncompromising success of our program."

Lynn De Koster, Director of Corporate Relations, IRIS The Visual Group

"In over 30 years I can count the number of complementary letters to Destination Management Companies on two fingers. Your company went the extra mile, time after time to ensure the uncompromising success of our events. You and your staff established a new performance standard we at The National Board may never again experience"

Mr. Paul Brennen APR, Director of Public Affairs, The National Board of Boiler and Pressure Vessel Inspectors
